**V. Principals Report**

**Financial**

- Mr. Liberos would like to begin a new afterschool program. We will need to allocate 50,000 dollars. This program will include students 3-8. One of the possibilities is a program incorporated with Disney. An application was submitted still waiting to hear back, the cost for this on Scammon end will be for the staff. We also want to start another program which focus on reading, math and science. Discussion was brought up about who we would focus on for this after school.

- McDonald's fundraiser to bring in money for school. McDonalds would set aside 2 hours faculty would volunteer to work during the 2 hours and proceeds would go to Scammon. Motion made to accept by Linda Rocco seconded by Nettie Koster (amended).
- Looked at October internal accounts. Until E-Pay speeds up we won't be current at meetings.

### **Operational Items**

- PA system is up and running. System was repaired but eventually needs to be replaced they are looking at contracts. This is still an issue due to the fact that the intercom is cutting out during announcements.
- Roof is still leaking in spots estimates are being sent to contractors who did the roof so they can come in and repair their mistakes. Now we have been told our engineer needs to get contractor to do the job.

### **Instructional Items**

- SQRP 1+ outstanding 2 years in a row. In reading we showed 82% growth, Math 96% growth. Proficiency in reading top 71% of schools, Math top 81% of schools. Kudos to faculty, students and parents.
- New afterschool program in the works.
- School wide science fair in December.

### **Athletics**

- CPS Score Program  
Basketball starting soon.

### **Fine Arts**
